**EXAMINER'S AMENDMENT**

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 27, 2006 has been entered.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

3. Authorization for this examiner's amendment was given in a telephone interview with Yisun Song (Reg. No. 44,487) on August 8, 2006.

4. The application has been amended as follows:

In claim 1, at lines 7-8, "indexing each respective record using an address associated with each multicast source system;" has been removed.

In claim 1, at line 11, "indexing each respective record using an address associated with each multicast source system;" has been added.

Art Unit: 2616

In claim 3, line 1, “The method of claim 2, wherein the address is an” has been replaced by -- The method of claim 1, wherein the address associated with each multicast source system is an --.

In claim 9, at lines 7-9, “indexing each respective record using an address associated with each multicast source system;” has been removed.

In claim 9, at line 10, “indexing each respective record using an address associated with each multicast source system;” has been added *after* “record;”.

In claim 11, line 1, “The system of claim 10, wherein the address is” has been replaced by -- The system of claim 9, wherein the address associated with each multicast source system is --.

In claim 15, at lines 5-6, “at least one processor-readable carrier; and instructions carried on the at least one carrier” has been replaced by -- at least one computer-processor-readable storage medium; and instructions stored on the at least one medium --.

In claim 15, at line 8, “the last least one carrier” has been replaced by -- the at least one medium --.

In claim 15, at lines 12-13, “index each respective record using an address associated with each multicast source system;” has been removed.

In claim 15, at line 16, “index each respective record using an address associated with each multicast source system;” has been added.

In claim 17, lines 1-2, “The article of manufacture of claim 16, wherein the address is” has been replaced by -- The article of manufacture of claim 15, wherein the address associated with each multicast source system is --.

5. The following is an examiner's statement of reasons for allowance:

Claims 1, 9 and 15 have been amended to include additional limitations which are not taught by the cited prior art of record. Specifically, the combination of indexing, aggregating and multicasting as recited in the claims, further combined with a group address which includes each multicast source system so that each of a plurality of multicast source systems receives the single message, is not taught by the prior art of record, and in particular is not taught by Jain. Accordingly, applicant's amendment in combination with the instant Examiner's Amendment overcomes the prior art rejections in the previous office action based upon the art of Jain.

Claims 3, 4-7, 11-14 and 17-20 each depend upon claims 1, 9 and 15 respectively, and are therefore allowed for the same reasons discussed above regarding claims 1, 9 and 15.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Justin M. Philpott whose telephone number is 571.272.3162. The examiner can normally be reached on M-F, 9:00am-5:00pm.
